

ABOUT ABA VELA

We started our charter company in 1996 but our experience in sailing was gained over few generations on our ten meter sailing yacht since 1935. Back then she was one of few in these areas. Our first charter season we started with just two boats but with every new season we were adding new boats to our fleet. After this period of growth we decided to keep our fleet to around 10 boats. This enables us to provide a good service to our customers and to maintain high standard in ship maintenance. All our boats are in top shape. The way we maintain our boats is something that we are very proud of and our customers appreciate it. None of our boats have promotion materials on it, which gives our clients an additional privacy and they can feel like they own a boat!

SAILING ROUTES

Croatia is truly one of the last places on Mediterranean where you can see preserved nature and find a cove just for your boat. If you charter a sailing boat in Split, center of Dalmatia, most of 1244 Croatian islands will be within your reach. Sailing on a yacht enables you to discover the real jewels of Adriatic sea and experience Croatia in the best possible way. We have prepared great routes to maximize your sailing experience and to fill your heart with great memories.

An aerial photograph showing three sailboats on a vast, deep blue ocean. The boats are small white vessels with masts, scattered across the water. The water's surface is textured with gentle ripples, and the overall scene is serene and expansive.
